Note 1: While some indications give William (1628) as son of an unidentified Thomas, it is also possible that William was Gilbert's (1590-1634) last child. In 1652, William (1628) married Alice WRIGHT of Earls Colne and started the Halstead **RAYNER** families Line.

Note 2 :  
 There are two important points here that cannot yet be clear to us:  
 Thomas RAYNER (b 1661-1728) died in BKS  
 He, his parents and his brother William have yet to be clearly identified to a 'family' line.  
 Also Thomas RAYNER (b 1683-d 1716) has a brother William and their offspring married. See text.

Note 3:  
 Initial information on the North Essex RAYNERs provided by Stuart BARKER in 1997.
